ATARI NIGHTSTAND

\$3,305

DESCRIPTION

The minimal modern frame of this unique and luxurious nightstand designed by Stéphane Parmentier is entirely made of the finest saddle leather in arctic white with tonal stitching and interspersed black grooves. The elegant cubic silhouette has a small square carved section on top that, together with the tiled details, enhance its modern shape and the soft consistency of the leather. This stunning piece of functional decor is accessorized with hidden casters and will mix effortlessly with any bedroom style.
