ATARI STICK MEDIUM WALL MIRROR

\$2,940

DESCRIPTION

Designer StÃ©phane Parmentier created the Atari furniture collection for Rabitti 1969 inspired by the beauty and the quality of the finest Italian leather and the craftsmanship and meticulous attention to details of leather artisans. The simple, clean silhouette of this striking frame is made of white saddle leather tiles with black grooves arranged in a graphic pattern evoking the late '70s video games graphics. Either displayed by itself or with other pieces of the same collections, this floor mirror will increase light and a sense of spaciousness in any room, and its slim profile makes it easy to fit even small spaces.
