ATHOR TABLE LAMP

\$780

DESCRIPTION

Symbolized by a cow and associated with motherhood, the Egyptian goddess Hathor inspired the eccentric design of this table lamp. An elliptical brass element sitting on a base in gray Carnico marble hosts the circular 9W LED strip, which reflects onto the array of ultra-thin, etched brass ellipses loosely hanging from an antler-shaped structure. The piece comes with a 24 V transformer (max 19W - from 100V to 240V).
