LIGHTING : CHANDELIERS

Il Paralume Marina

ATLANTIDE CEILING LAMP

\$4,080

DESCRIPTION

This stunning ceiling lamp boasts a silhouette crafted of metal with nickel finish hanging on two poles attached to the ceiling and comprising two curves that form an open elliptical shape. The two elements diffuse the light shining from inside, thanks to a superb screen made of a series of parallel trihedrons in transparent Murano glass. The effect is modern and sophisticated and will make a statement in a tall entryway, a living room, or above a dining table.
