ATOLLO BLUE AND BLACK VASE

\$130

DESCRIPTION

A stunning example of minimalist sophistication, this vase is part of the Atollo collection of modern vases made of brass. Its round silhouette is adorned with a vivid blue color, accented on top and bottom with a black line that allows a glimpse of the natural golden hue of the metal, which occurs again inside the piece. This stunning object can be displayed with other pieces of the same series for a colorful combination of shapes and heights.
