ATTESA BLACK ARMCHAIR

\$1,180

DESCRIPTION

A remarkable armchair that will bring mid-century appeal with a distinctively modern twist to any decor. Dramatic angles create a striking silhouette, with slanted feet in the back and straight, slim armrests that evoke the profile of a seated woman. The frame is in solid ash with a natural finish, and the upholstered seat and back cushions in black faux leather are filled with high-density foam for softness and comfort. This unique piece will make an elegant statement in any living room or office, around a coffee table, or in a corner for lounging. The frame is available also in walnut with leather upholstery.
