## ATTIMO AMETHYST TABLE LAMP

\$1,935

### DESCRIPTION

The mutable and reflective quality of glass is enhanced in this splendid table lamp, where a bud-like shade in transparent, amethyst-hued Murano glass dimples when touched by the needles incorporated in an airy steel frame. Channeling pure sculptural flair, it strikes with the conflict between the rigorous, parallelepiped-shaped structure and the sinuous contours of the shade housed within.
