Nunzia Ponsillo

ATTRATTI WHITE CANDLE HOLDER

\$720

DESCRIPTION

This iron holder designed to support two tall and slender candles is one of Nunzia Ponzillo's "Attratti" series pieces. The inspiration for the series is taken from an ancient oriental legend according to which couples who are destined to be together will find their way to each other by means of an imaginary thread. Similarly, the two candle bases are linked by a thin wire resembling a thread that pulls them towards each other.

DETAILS & DIMENSIONS
