AUDREY RED STOOL BY MAURO DELL'ORCO

\$4,680

DESCRIPTION

A harmonious union of design and functionality, this stool will add a touch of elegance to any room or study. Its geometric hourglass pedestal is rendered in solid walnut wood, and its faceted sides gracefully contrast with its curved silhouette. The customizable seat is available in one of three woods: polished wood, natural wood, or in a rare 5000-year-old semi-fossilized bog oak, for a unique finish. The interplay between line and form makes for a dynamic composition.
