## AUTUMN CHAIR WITH WALNUT FINISH

\$1,060

### DESCRIPTION

Part of the Autumn collection, this chair is modern and versatile. It is elegant, thanks to its minimalist shape that doesn't relinquish gentle accents given by the curves of backrest and armrests. The piece is entirely made in ash wood with a warm walnut finish, while the seat is a separate piece made in multi-layered wood that was covered with a thin sheet of walnut wood to create consistency with the rest. Sophisticated and timeless, this chair will suit any decor.
