\$1,860

DESCRIPTION

A delicate combination of tonal hues and a rigorous silhouette gives its name to this piece, that balances each contrast to obtain a sophisticated and modern jewel that will be a splendid addition to any occasion. The minimalist structure of this bracelet is in 18k white gold, whose ethereal glow is matched by the four diamonds mounted on top for a total of .44 carats. The playful use of the precious stones of different shapes and cuts enlivens the austere design.
