BALLERINA CLEAR FLOWER VASE

\$350

DESCRIPTION

This vase, created by Spaziani glass makers and master basket weaver, embodies timeless elegance and innovative design. A slender, cylindrical glass vase is decorated with an intricately woven hourglass accent, fashioned of midollino twine with a delicate black satin ribbon. Evoking the graceful form of a ballerina, the woven accent collects leaves and petals as they slowly fall from the bouquet. The color and material contrasts add textural dimension to the work. Perfect as a centerpiece or in an entryway.
