## BALLERINA RED FLOWER VASE

\$430

### DESCRIPTION

A charming and ethereal design, this vase will sumptuously contain fresh flowers. A solid cylindrical glass structure in deep red is adorned by a woven, hourglass-shaped accent fashioned of midollino twine with a delicate black satin ribbon. Reminiscent of a ballerina, the distinctive accent collects leaves and petals as they fall from the bouquet. An elegant juxtaposition of materials and colors adds a stunning textural dimension to the composition. This piece is the product of a creative collaboration between Spaziani glass makers and Dante Luzzi, master basket weaver based in Arezzo.
