Venini

BALLOTON CLEAR TABLE LAMP

\$1,175

DESCRIPTION

A Venini masterpiece designed in 2014, this table lamp is entirely handmade of clear blown glass. The net of crisscrossing lines are created by master glass blowers with the "balloton" technique by pressing the hot glass not yet shaped in a metal mold that imprints the graphic shapes on the glass surface. The chrome-finished plate bounces off the light from the internal source (one dimmable halogen E14 max 42W). The lamp is suitable for CFL.

DETAILS & DIMENSIONS

- Material: Glass Metal
- Dimensions (in): W 9.84 x D 9.84 x H 10.24
- Dimensions (cm): W 25 x D 25 x H 26
- Handmade In Italy
