BAMBOO OUTDOOR ARMCHAIR

\$2,120

DESCRIPTION

Part of the Bamboo Collection, this stunning armchair will be an elegant and timeless addition to a veranda, poolside, or terrace especially when combined with the other pieces in the same series. The chair's refined curves and slender elements are hand-forged of iron with a texture reminiscent of bamboo sticks. The iron is treated with zinc and varnished with powder to make it suitable for outdoor use, while the cushions for seat and back are upholstered with Sunbrella fabric.
