## BAMBOO RING SCONCE

\$3,180

### DESCRIPTION

This superb wall sconce is a perfect example of the harmonious combination of traditional craftsmanship and contemporary design. Entirely fashioned of brass with a satin gold finish, the sleek sconce frame is composed of two ring lights fixed on slender vertical rods and connected to a rectangular backplate by diagonal arms. The ring lights are lined with an LED strip, whose light is delicately diffused by the parchment paper lampshade. Subtle yet intricate details in polished gold complete the piece.
