## *Scandola Marmi*

### BAMBOO VASE

\$1,290

#### DESCRIPTION

This striking vase is designed to evoke the shape of a bamboo cane. The simple rigor of its silhouette is enlivened by the precious material with which it is crafted: Rosso Levanto marble, a precious stone from the Levanto area in Liguria. The striking pattern of the natural veins of the stone add a unique decorative accent that gives dynamism to its minimalist shape.
