BANANO SOFA

\$14,160

DESCRIPTION

This stunning sofa is entirely crafted by hand and custom made to meet any designing need. Its structure in solid wood is covered with five different layers of "ultra comfort" padding, that create a unique seating experience and a stunning visual impact. The nubuck leather cover has a velvety touch that adds to the softness of the seat and back. A fine example of expert artisanal ingenuity, this sofa boasts a brushed brass decoration that wraps around the armrests and sides, obtained using handmade clay molds to render the luxuriant allure of banana leaves.
