BARCHE SQUARE POLYCHROME TILE

\$240

DESCRIPTION

Part of the Familiare Collection available in the brand's catalog since the late 19th century, this cotto tile enchants with its tranquil, polychrome seaside landscape depicting fishermen on small boats ("barche" in Italian) along a pier. A delicate pattern of waves along the glazed frame completes the handpainted decoration, which is capable to produce a truly evocative effect enhanced by unrepeatable brushstrokes.
