BAROQUE ARMCHAIR IN VENETIAN VELVET AND SILK BROCADE

\$7,800

DESCRIPTION

In this magnificent baroque chair, wood is the protagonist with its curves and sinuous silhouette intact. In this case the structure and back are entirely hand-carved in walnut wood. The base of the cushion rests on a multilayered walnut wood and is in foam. The rich Venetian velvet that covers its dawn cushion bears a traditional pine cone design. Hidden, and revealed only to indiscreet eyes, a Japanese jacquard fabric in silk.
