BASILEA BLACK BOOKCASE BY PAOLO CAPPELLO

\$51,300

DESCRIPTION

This stunning bookcase is an experiment in which fractal logic is reflected in a sculptural silhouette, creating a visually bold and elegant object of functional decor. Created by Paolo Cappello, this is a modular system that combines sartorial craftsmanship with the most refined engineer techniques for the structural parts. Its structure makes it entirely customizable, thanks to its modules of two different lengths (90 and 120 cm) able to host open compartments, closed ones, and a desk. Iron and soli durmast create a sophisticated industrial feel. Please ask the Concierge for details.
