**BASJOO AZURE CABINET BY HEBANON STUDIO**

\$15,480

## DESCRIPTION

Marked by a delightful white and azure color palette, this cabinet draws inspiration from the unattainable perfection of nature. It stands on thin metal legs, creating an appealing interplay of solids and voids with the storage unit above, which is crafted of sky-blue-lacquered cedar. A minutely handcrafted inlay depicting Musa Basjoo's leaves in their organic, spontaneous beauty completes the piece.
