BEIGE DISPLAY CABINET

\$13,070

DESCRIPTION

Defined by formal balance and modern aesthetic, this display cabinet revisits a mid-century design with a modern sensibility. Both elegant and functional, this piece has a eucalyptus-veneered frame raised on four tapered feet with a black finish. The doors and the sides are completely framed in glass for a stylish and functional display of collectibles and prized objects. The cabinet features three glass shelves and a black-finished drawer in the center. A back panel with beige eucalyptus veneer completes this sophisticated look that will become the focal point in a living or dining room.
