Alessandra Serina

BELLO E BRUTTO ANATROCCOLO SCULPTURE

\$10,430

DESCRIPTION

In this sculpture named "the beautiful and the ugly duckling," Alessandra Serina revisits the classic tale of the Ugly Duckling with a symbolic twist. Handcrafted of pure white marble with black marble eyes, the two ducks are identical in shape but feature two different finishes: one glossy polish and the other textured with diamond polish. This is a unique piece that can only be purchased as a pair, and reproductions will not be identical.
