LIGHTING : CHANDELIERS

*Scuola Abate Zanetti*

## BELT CHANDELIER

\$790

### DESCRIPTION

The silhouette of this striking suspended light resembles that of a waistband tightened by a belt, hence the name. The shape was achieved through molding of the glass while it still hot. The contrasting soft curves and sharp facets of the glass create a dynamic visual effect recalling the typical Murano production of customized chandeliers. Encased in the sculptural glass shade is a single light (E27 x Max 150 W) and the glass pictured here is in a purple hue. Other colors available include gray, crystal, and yellow lemon. A one meter cable is included with the piece and a longer one can be provided upon request.
