BENNA MEDIUM BENCH

\$1,560

DESCRIPTION

Minimalist and essential, this bench boasts a sleek and elegant silhouette marked by rigid geometric lines merged in perfect symmetry. Exquisitely crafted of black-finished bent steel with an internal structure of solid, welded steel, the two pieces making up this bench curl up on top, a clever design feature that allows for combining with other benches in infinite combinations by inserting horizontal metal bars inside the small furrows. Suitable for indoor and outdoor use, this bench is available in other colors and with a smooth or textured finish, ask the Concierge for options.
