BENNA OPPOSITE MEDIUM BENCH

\$1,560

DESCRIPTION

A minimalist piece of functional decor that will make a statement in both indoor and outdoor areas, this exquisite bench is marked by a strictly geometric silhouette of sleek and elegant flair. Handcrafted of black-finished bent steel, with an internal structure in solid, welded steel, this bench is composed of two pieces curling up at the top where they form two furrows. This clever design allows to combine benches of the same series by simply inserting horizontal metal bars. Please inquire with the Concierge for other colors and finishes available.
