BERENICE BLACK SOFA

\$9,060

DESCRIPTION

This sophisticated sofa combines traditional flair and a modern color palette to create a refined piece that will enrich a contemporary living room while offering comfort on any occasion. The solid wood and plywood structure is padded with multi-density polyurethane, creating the bold lines and flowing profile. The plush and inviting seat cushions have a polyurethane foam core surrounded with feathers. The non-removable upholstery in deep black combines a soft surface on the seat and structure, while the internal backrest and armrests are marked by a bold tufted texture.
