BERENICE GREEN SOFA

\$9,060

DESCRIPTION

Celebrating traditional style with a pop of color for a modern accent, this sofa is a stunning addition to an eclectic, contemporary, or classic interior. The generous seating is padded in multi-density polyurethane over a solid wood and plywood structure. The two large seat cushions feature a central insert in polyurethane foam and down feathers for a comfortable seating experience. The upholstery (non-removable) in a distinctive olive color combines solid texture for the seat and structure and a striking tufted surface for the curve of back and armrests.
