BIANCONERO 33 SQUARED SERVING PLATE

\$265

DESCRIPTION

Defined by an overflowing contemporary allure, this exquisite plate belongs to the Bianconero Collection of one-off pieces that artist and fashion designer Antonio Marras crafted and painted by hand. This flattering design in white-glazed majolica is adorned with a stylized portrait of a boy whose lips are accented in red. Like the other pieces from the same series, this design is crafted in the historic Fratelli Coli pottery workshop based in Apulia since 1650.
