BIBA FLOOR LAMP BY LORENZA BOZZOLI

\$1,575

DESCRIPTION

Elegant and modern, this floor lamp was designed by Lorenza Bozzoli as part of the Biba collection, distinctive for poetic contrasts in silhouettes, finishes, and colors. In this case, the structure of satin-finished brass supports the two shades shaped as spheres of two different sizes. The sophisticated glow of the light creates a delicate ambiance that will suit a contemporary home, either alone or combined with other items in the same series.
