BIBIDÌ MONTESSORI MULTIFUNCTIONAL BED AND BOOKCASE #1

\$2,060

DESCRIPTION

Inspired by Maria Montessori's philosophy of freedom and autonomy, this small bed has three different uses: it can be a 120cm-long bed, a 160cm-long bed, or a bookcase and writing desk. Only 25cm-tall so that the child can go to bed independently, it is handcrafted of FSC-certified Swiss stone pine sourced from Trentino Alto Adige, whose sweet scent helps improve sleep. Finished naturally, it is also available in a Valdifiemme fir wood variant.
