Francesco Elli by Tommaso Elli

BIEDERMEIER CHAIR #2

\$3,070

DESCRIPTION

The intriguing combination of concave lines defines this exclusive chair in Biedermeier style. Its solid wooden frame has a warm finish obtained using water-based, natural dyes and showcases an open backrest, whose outstanding element is the black and golden ouroboros (two snakes swallowing their tails, symbol of infinity) finely carved by hand. The 47cm-high seat is generously padded and features a spring supporting system. Coming with a default white lining, this exquisite design part of the Francesco Elli Collection is available in other finishes.
