BIG JOHN SIDEBOARD

\$5,500

DESCRIPTION

This unique sideboard, that can also be a colorful media stand, was designed by Maurizio Durandi and is part of the Patchwork collection, featuring furniture pieces embellished with doors and drawers (in this case two doors and three drawers) made of different woods. The contemporary use of colors and shapes is strictly connected with the tradition of artisanal cabinet making that makes this piece, as any Morelato piece, a timeless work of art.
