BIGLIA SILVER ASHTRAY BY JOE COLOMBO

\$950

DESCRIPTION

Part of the Biglia collection, this ashtray is a design from 1963 by Joe Colombo. Its round volumes are inspired by the spherical shape of a marble, "biglia" in Italian. The sculptural structure of this piece combines a top in transparent crystal supported by a metal structure plated with silver. The effect is timeless and ethereal, an ideal addition to any interior and any room in the house.
