BIRDS OF PARADISE DESSERT PLATE #2

\$85

DESCRIPTION

Part of the Paradise Collection first shown at Fuorisalone 2018 during Milan Design Week, this dessert plate celebrates the magnificence of nature with a central design splendidly depicting three palm leaves rendered in a naturalistic fashion and gracing the delicate pale-blue background of the ceramic. A stunning and modern piece, this plate can be displayed along with identical ones or combined with others with different hues in the same series.
