BIRTH RUG BY STUDIO JOB

\$19,760

DESCRIPTION

This striking rug is part of an exclusive, limited edition of only 10 pieces of imposing sizes and strong visual effect. The traditional iconography of the nativity scene is interpreted in a modern and eclectic way in this design by Studio Job created in 2012. The round silhouette features 200 knots per inch and a 6mm-high pile, resulting in an incredibly detailed and resistant final product. This piece is entirely crafted by hand in Nepal by local artisans using 100% wool.
