BLACK AND WHITE 4-DOOR SIDEBOARD

\$8,490

DESCRIPTION

This elegant sideboard with four doors boasts a bold silhouette and sharp lines. The three-dimensional facade, complete with sinuous surface and scalloped lower edge, is accented by the striped black and white lines, effortlessly flowing into one another. The delicately tapered legs are fashioned in the Saber style in the Venetian canon, imbuing the piece with dynamism. The curlicue door handles in the Baroque style in silver are a delicate finishing touch, making it a perfect addition to a modern-style dining room, living room, or guest room.
