## BLACK AND WHITE TABLE LAMP

\$2,210

### DESCRIPTION

This exquisite table lamp will be a magnificent addition to a classic or a contemporary decor. Its timeless design, combined with masterful craftsmanship, will add a luxurious accent to a study, living room, or entryway. The crystal base supports a vertical element in hand-forged iron with a black finish, shaped to resemble a bamboo stick. At the top of the stick, a leaf-like decoration in brass reflects the light coming from the E27 100W bulb positioned above. A white fabric shade completes this elegant piece.
