BLACK PENDANT EARRINGS #2

\$270

DESCRIPTION

This magnificent pair of earrings will complement an elegant attire, thanks to its masterful craftsmanship, its elegant silhouette, and the combination of contrasting colors and textures. The pieces are made of 18k pink gold-plated silver, and their top is adorned with a diamond-shaped element painted with black enamel and accented at both top and bottom with white rhinestones. From it hangs a cascade of delicate chain in the same precious metal to add dynamism and a delicate hue to the set.
