*Arcahorn*

## BLACK VALET STAND

\$3,840

### DESCRIPTION

An iconic object of traditional bedroom decor, the valet has been revived as useful accessory for both man and women. This reinterpretation by Arcahorn maintains a classic silhouette, enriching it with precious details. The square base and hanger are crafted of wood with black glossy finish, while the vertical structure is made of dark horn. Accessorized with stainless steel shoe rack and trouser bar, the structure has stainless steel edges with exposed pins that add a modern edge. Extra detail: a stainless steel, catch-all tray lined with black Saffian leather (finely tanned goatskin).
