Fratelli Boffi

BLACK&WHITE PIERA ARMCHAIR

\$4,980

DESCRIPTION

Piera is inspired by the room chairs of a time from which it borrows its sinuous shapes and streamlined wooden feet. The seat cushion, at a low height, is composed of thick padding on the high, wide back and the two armrests, giving an extraordinary feeling of comfort. The shape of the back recalls very feminine curves in its proportions, delineating a thin waist that gets wider as it rises up. The matt black lacquered wooden legs support this padded armchair covered with a geometric fabric.
