## BLISS NAVY ARMCHAIR CHAIR

\$1,220

### DESCRIPTION

Entirely handcrafted in Sicily, this stunning armchair chair is part of the Bliss collection and inspired by the marine lifestyle. Its elegant black metal frame is a direct interpretation of the tubular elements that make the bulwarks in a ship. These same metal tubes are bents at 90 and 45 degree angles and create a superb piece of functional decor. The seat and backrest boast a blue fabric upholstery that is attached to the frame through an invisible system created by artist Stefano Sanfilippo.
