BLISS YELLOW ARMCHAIR CHAIR

\$1,220

DESCRIPTION

Part of the Bliss collection, entirely handcrafted in Sicily, this exquisite lounge chair will bring a pop of vivid color and a superb decoration to a modern indoor and outdoor home setting. Its comfortable seating experience is due to the elegant angle of seat and back cushions. The entire frame, reminiscent of a ship's bulwarks, is made with the same tubular metal elements, bent at 90 and 45 degree angles. The structure is painted in the same bright yellow as the upholstery, which is fixed to the frame with an invisible system developed by artist Stefano Sanfilippo.
