BLU MARE SET OF 4 TILES #2

\$130

DESCRIPTION

Graceful in its simplicity, this striking majolica tile is a powerful illustration of when ceramic art redefines contemporary design. Entirely hand-painted and glazed for a smooth finish, this tile boasts an elongated diamond shaped design in ivory emerging from a deep cerulean blue background. When mounted, the design takes on an eye-catching diagonal design. This singular original and dynamic look will become the focal point of any kitchen or bathroom decor, used to enliven a wall, countertop, and even flooring.
