BLU MARE SET OF 4 TILES #6

\$145

DESCRIPTION

Effortless in their intricacy and beauty, these tiles will transport a piece of Sicily to any minimalist or rustic kitchen and bathroom interior. Forged of terracotta mixed with ground volcanic stone, these timeless tiles from the Natura Collection are distinguished by their intricate design revealed in a four-tile configuration: ivory-colored frond elements that flank the central floral design, while contrasting geometric shapes enhance the dynamic movement of forms and colors in the cerulean blue background. Tiles must be applied with minimal grouting to capture the seamless aesthetic.
