BLUE AND YELLOW JUG BY UGO LA PIETRA

\$440

DESCRIPTION

Born from the creative mind of Italian artist Ugo La Pietra, this piece was crafted entirely by Ceramiche Pezzetta, a historic family workshop in the Italian region of Friuli. This round, ceramic vessel was made on a lathe and enameled in glossy white glaze accented with a hand-painted, whimsical pattern in blue and yellow. Two sinuous finger handles on each side frame a conical base and a cylindrical neck outlined with a delicate light blue rim. Dynamic and timeless, this exquisite piece will add a touch of Italian charm to any space in a home.
