MURANO GLASS VASE - BLUE

\$1,190

DESCRIPTION

Part of a collection of vases in bronze and Murano glass, this piece will make a modern and sophisticated statement in a contemporary home. Its base, with a square section, is in bronze while the top is made of mouth-blown Murano glass with a delicate blue finish whose shade contrasts with the dark finish of the metal. A precious addition to a mantelpiece, a console, or a shelf, this vase can be combined with others from the same series and different colors (amber, lilac, orange, dark blue, grey, and green).
