BLUE PRUNUS AMYGDALUS WALL MIRROR

\$530

DESCRIPTION

Merging modern digital graphic techniques and traditional craftsmanship, this mirror of the Mirror of Wonders collection has a romantic look that is especially suited to enrich the wall in an entryway, bedroom, or powder room. The round surface is graced on the beveled edge with the charming design of almond tree branches hand-painted in blue, that recalls the classic blue and white porcelains of the 18th century. The back of the mirror is hand painted in blue and a dedicated wall mounting system is included. Ask the Concierge for details and pricing of color customization.
