BLUEBIRD #010 ESPRESSO SET

\$130

DESCRIPTION

Part of the Blue Bird & Myosotis collection, this handprinted set of espresso cup (Ø 8 cm, H 4.5 cm) and saucer (Ø 12 cm) will add a lively and colorful accent to an eclectic or modern interior. Its white glazed surface is decorated using the "engobbio" technique with black, blue, and light grey colors. This stunning work of art is unique and can be combined with the others in the same series for a complete look. Its eclectic design was inspired by the artist's love for Medieval iconography, by a manuscript about herbs published around 1350-1375 in Northern Italy and entitled "Compendium Salernitanum," and J.L. Borges "The Book of Imaginary Beings."
